

TRIP TO CHICAGO : Day 1

Nous avons commencé la journée en étant à 5h à l'aéroport, nous avons ensuite embarqué à 7h en direction de l'aéroport de Francfort

During this flight we were given a snack which was very unusual in comparison of french snacks. We then took another plane going to Chicago ! This was an 8 hours flight but it didn't felt that long except for the parts where the man near us were snoring really bad. Later, when we landed we had to go through custom but it wasn't as bad as we were expecting.

After that we had to take the train to get to where we were going to sleep, during this time we were all falling asleep because we were exhausted !

Finally we arrived in Chicago and had a little bit of free time in the youth hostel, but we were really excited to visit the famous Willis Tower and mostly to try the food

Monter en haut de la tour Willis était une expérience incroyables, la tour est tellement haute que nous pouvions sentir le sol bouger sous nos pieds ! Mais le plus impressionnant reste tout de même est lorsque nous sommes allées tout au bord et que nous avons vu la ville sous nos pieds !

Then we went to eat at Giordano's pizza and got the chance to try the famous Deep Dish pizza which was the favorite dish of Hortense. But one of the most surprising things were the fact that they gave us Sprite and Coca jugs !

Le Lundi 8 Avril, le matin nous nous sommes baladés dans Chicago, notamment au Millennium Park. Puis l'après-midi nous sommes allés visiter le musée Art Institute et avons eues un petit temps libre à Michigan Avenue. Pour finir, le soir nous sommes allés manger à l'Épic burger.

Wednesday

Mercredi nous sommes allées au lycée en bus jaune, leurs cours commencent à 7h35. Certains n'ont pas le temps de prendre leur petit déjeuner donc, ils ont le droit de manger, de boire, d'utiliser leur téléphone et de se lever en cours. Nous avons aussi remarqué, que nous avons un programme scolaire plus avancé qu'eux, de plus, l'école fournit tout le matériel. Cependant, ils ont des cours de photo ou de musique. Ensuite, nous avons mangé au self, puis, nous sommes allées en sport qui se présente sous forme de jeux. Le lycée se termine à 15 h et la suite de l'après-midi était des activités libres avec la famille. Roxanne a mangé à 16h et a fait les magasins, alors que Justine est allée dans un centre commercial et à manger dans un restaurant entouré d'animaux.
